Revelation 11:1-14 Study Guide

1. God often uses human witnesses to accomplish His ends (11:3-6). What does being a witness for God mean for the two witnesses and what does it mean and look like for you today?

2. The two witnesses worked for a specific number of days as God determined (11:3, 11). Read Psalm 90:12. How does "numbering your days" help you "gain a heart of wisdom"?

3. Think of some occasions in your life when you have experienced opposition from the world (11:9-10). How have you responded? How does John 16:33 bolster your confidence?

4. Looking back over your life, what have been your greatest obstacles, tragedies, or disappointments? How have you responded to them? Are you ready for God to turn your obstacles into opportunities?
